GENERAL INFORMATION

EMPLOYEE IDENTIFICATION CARDS

For your protection, every employee carries an official identification card showing his or her name and photograph. If you have the slightest doubt about anyone who says he's from the Telephone Company, please ask to see his card.

COLLECTION POLICIES

Egyptian Telephone Cooperative was formed for the express purpose of providing telecommunications service for the small town and rural areas in the cooperative's service area at affordable costs in accordance with sound business and operational practices.

Cooperative Board of Directors and management have reviewed the various mandated regulations, from the Federal Communications Commission and the Illinois Commission, in establishing the various operating procedures in accordance with sound business practices and the mandated regulations. The following billing and collection procedure for telecommunication services to the cooperative customers have been established:

1. The telephone cooperative will issue monthly statements to its customers in accordance with ICC General Order 218.
2. Monthly statements (billing) will be mailed to each customer on the 15th of the month.
3. The amount on the statement is due upon issue and becomes past due and subject to discontinuance procedure for non payment 21 days after the date of postmark on the statement, and may be subject to a late payment penalty.
4. Discontinuance of service for non-payment procedure, as prescribed by the Illinois Commerce Commission, will be followed by the cooperative.

When services have been disconnected for non-payment, the service will not be reconnected after full payment is made unless the customer requests the reconnect be made. A reconnect charge, in accordance with the cooperative's current charges list, will be required at the time service is restored.

INCORRECT DIRECTORY LISTINGS

The vast majority of all directory listings are correct. But, as with any job of this size, some errors are bound to occur. If your listing in the directory is incorrect, it cannot be changed until the next edition of the directory is issued. In the meantime, we can make sure the listing is correct in Directory Assistance records. To arrange this, call your telephone business office. The number is on your phone bill and in the front of your telephone directory. Your service representative will be happy to help.

OWNERSHIP OF DIRECTORIES

Telephone directories furnished subscribers are and remain the property of the Telephone Cooperative and shall be surrendered upon request or destroyed upon delivery of each later issue. No binder, holder, or auxiliary cover, except such as may be supplied by the Telephone Cooperative, shall be used in connection with the directory furnished by the Telephone Cooperative.

CHARGES FOR MOVES & CHANGES

The subscriber will be required to pay the Cooperative's customary charges for any change in location of his telephone or change in his telephone number equipment made at his request.

ESTABLISHMENT OF CREDIT

The Telephone Cooperative may require a customer to establish and maintain credit by furnishing references or guarantee in writing acceptable to the Telephone Cooperative, or by making a cash deposit. Increases in cash deposits may be required if the charges billed warrant the increase.

USE OF EQUIPMENT BY SUBSCRIBERS

All telephone equipment furnished to subscribers shall be used only by the subscribers or members of his family, his guest or persons residing with him as members of his household, or by his agent or employees when engaged in business; and shall not be used in any other manner in competition with the business conducted by the Cooperative. The equipment shall not be removed from the subscriber's premises except by an authorized employee of the Cooperative, and shall be surrendered to the Cooperative upon the termination of the subscriber's contract.

CUSTOMER PROVIDED EQUIPMENT

Customers may connect equipment not provided by the Telephone Company to the Company's services under certain conditions specified by the Federal Communications Commission. Generally, these conditions require that the connection be made through Telephone Company provided jacks or other connecting arrangements, and that customers notify the Company of their intent to make the connection.

Customers wishing to connect their own equipment to Telephone Company services should contact their equipment suppliers to determine if their equipment qualifies for connection. The supplier should also provide the information which may be requested by the Telephone Company to arrange for connection.

The Telephone Company does not repair customer-provided equipment. The customer will be billed a service charge for each repair visit made by the Company if the Company determines that the service difficulty resulted from the use of customer-provided equipment.

AUTOMATIC ANSWERING SET

Certain telephones are equipped with an automatic device, known as an automatic answering set, which answers the telephone mechanically. It then makes a recorded announcement. If your call is answered by an automatic answering set, listen carefully for the announcement which will be self-explanatory. Some sets will also record a message from the caller. Long distance calls answered by this equipment are billed as a toll call.

WHEN YOU HEAR A "BEEP" TONE

A short "beep" tone heard on your telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation. This signal is provided for your protection. In most instances, the use of a recorder without a tone-warning device is contrary to the Company's tariffs and is not permitted. If you do not want a recording made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When it is disconnected, you will no longer hear the "beep" tone. The regulation on whether a tone is required may have changed or may be changed in the future.

GENERAL INFORMATION (cont'd)

TEACH THE CHILDREN TO DIAL "0" IN EMERGENCIES

Show your children how to use the phone in an emergency by teaching them how to dial "0" for the operator. Also, make sure they know their home phone number and encourage them to always call home if they're going to be late. Give them change to carry for emergency calls.

AN IMPORTANT REMINDER

All telephones and equipment rented from Egyptian Telephone Cooperative remain the property of the cooperative. When you move, it is important you contact our business office and leave our equipment in place at your premise so we can properly clear your account.

SPECIAL SERVICES FOR THE DISABLED

If you know someone who has a physical problem in using the telephone, we want to help. The solution may already be available; if not, we will do our best to design or devise an effective solution. Please call our business office.

In addition, a service representative can send a special form that will provide exemption from charges for operator-handled calls that cannot be personally dialed because of a disability.

WARNING

OBSCENE AND HARASSING CALLS

Harassment by telephone is use of telephone communications for any of the following purposes:

- (1) Making any comment, request, suggestion or proposal which is obscene, lewd, lascivious, filthy or indecent with an intent to offend; or
- (2) Making a telephone call, whether or not conversation ensues, with intent to abuse, threaten or harass any person at the called number; or
- (3) Making or causing the telephone of another repeatedly to ring with intent to harass any person at the called number; or
- (4) Making repeated telephone calls, during which conversation ensues, solely to harass any person at the called number; or
- (5) Knowingly permitting any telephone under one's control to be used for any of the purposes mentioned herein.

Any person violating these provisions shall be fined not more than five hundred dollars or imprisoned in the county jail for a period of six months, or both.

How to handle obscene or harassing calls

1. **Hang up** at the first obscene word or if the caller doesn't say anything.
2. **Give no information** such as your name and address until the caller has been identified.
3. **Advise your children** to give no information to strangers.
4. **If calls persist** call your Service Center or your Police Department.

WARNING

Illinois law defines harassment as the use of the telephone to make lewd or indecent comment or request with intent to offend...to abuse, threaten or harass (whether conversation takes place or not)...to cause another's telephone to ring repeatedly with intent to harass...to knowingly allow one's telephone to be used for any of these purposes.

The law provides a penalty of up to six months in jail and/or \$500 fine.

Fraudulent callers are subject to prosecution

It is illegal for another person to charge long distance calls to your number or calling card without your permission. State law provides that no person shall defraud or attempt to defraud the company of its lawful charges. Violators, upon conviction, are subject to imprisonment for up to one year or a fine of up to \$1,000, or both.

Telephone safety

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

Use of the telephone near water

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone or handset in water could cause an electrical shock.

Use of the telephone during an electrical storm

You should avoid using a telephone during an electrical storm in your immediate area; calls of an urgent nature should be brief.

Although Egyptian uses protective measures to limit abnormal electrical surges from entering your home, absolute protection is impossible. There is a remote risk of a dangerous electrical shock from lightning when using the telephone during an electrical storm.

Use of the telephone to report a gas leak

If you think you've found a gas leak, you should not use a telephone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial. While unlikely, it may be possible for this spark to trigger an explosion if the gas concentration is high enough.

Low Income Programs For Basic Phone Service

Eligible low-income households can receive financial help with basic local phone service by calling the local phone company. The federal Lifeline program provides a monthly discount off the cost of basic local phone service.

To qualify for assistance, households must participate in one of the following governmental programs: Federal Housing Assistance Program, Food Stamps, Low-Income Home Energy Assistance Program (LIHEAP), Medicaid, or Supplemental Security Income (SSI).

GENERAL INFORMATION (cont'd)

ESTABLISHING SERVICE

Call your Business Office 1-618-774-1000

The Service Representative will need certain information to care for your order:

1. Complete address.
2. Type of home service you want.
3. Directory listing information.
4. Information on previous service.
5. Other credit information, including employment.

ESTABLISHING CREDIT

If you've had residential telephone service with Egyptian before, a satisfactory payment record is usually all that's needed to establish your credit.

AN ADVANCE PAYMENT MAY BE REQUIRED

If you don't yet have a credit record with us or can't provide other satisfactory credit references, you may be asked to make an advance payment. This payment would include the total of charges for connecting, service and the average monthly bill for the type of service you order. The advance payment would be credited to your first bill.

A DEPOSIT MAY BE REQUIRED

In some cases, you will be required to post a cash deposit. The deposit, which varies depending on your credit score, will be held until you establish a good payment record or until your service is disconnected. In the latter case, the deposit will be credited to your final bill. Any excess will be refunded to you. Your deposit with Egyptian earns interest as set by the Illinois Commerce Commission.

PROMPT PAYMENT MEANS GOOD CREDIT

Once you become a customer, your credit standing is determined by the promptness with which you pay your monthly bills.

Payments after the payment period may be subject to a late payment charge and repeated late payments will damage your credit with us.

If this happens, you may be required to reestablish your credit by paying a deposit.

YOUR CREDIT IS A PRIVATE MATTER

Your telephone credit information is a private matter between you and us. No information is given out to other businesses without your permission.

MONEY SAVER'S TIPS

DIAL IT YOURSELF AND SAVE

You can save money by dialing your calls direct without involving an operator. Collect, calling card, coin, time and charges and calls charged to another number require assistance from an operator. The "operator-assisted" calls cost more than dial-direct calls.

800 SERVICE

Station-to-station Long Distance calls may be made without charge to you to those customers who have Inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial the Access Code plus Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for Inward WATS dial 1 + 800-555-1212.

DIAL DIRECT

Direct-dialed calls are faster and cheaper than operator-assisted calls.

CALL STATION-TO-STATION

Station calls cost less than person-to-person calls and may be dialed direct.

CALL DURING BARGAIN PERIODS

Rates on direct-dialed interstate calls are lower during evening, night and weekend hours. You can save from 25% to 60% by dial-

ing during these low-rate periods. Calls made on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas also cost less.

TIME YOUR CALLS

Keep a clock or timer by the phone so you'll know how long you've talked. Set a limit, such as five or ten minutes. Making a list of things you want to discuss helps, too.

INSTALL EVERYTHING AT ONCE

If you're planning a new or additional phone service, think of everything you'll need, and pay for only one installation trip.

SUSPEND SERVICE DURING VACATION

If you're planning to be away on vacation for a length of time, check with your service representative. It may pay to have your phone service suspended while you're gone.

TIPS FOR GOOD SERVICE

We suggest you take time now to jot down on the pages provided in this book the names, telephone numbers and area codes of friends, acquaintances and businesses you call. These numbers will then be at your fingertips when you want to call.

SAVE MONEY ON BASIC SERVICE

Choose telephone service that best meets your needs. Your Service Representative can help you tailor your phone service to your budget, your calling needs.

TYPES OF CALLS

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging starts when conversation begins.

CONFERENCE

You can talk with several people in different places at the same time. Tell the Long Distance Operator you wish to make a conference call.

COLLECT

You can make most calls "collect" if the person you are calling agrees to pay the charge. If you want to make a collect call, please be sure to tell the Operator.

MOBILE AND MARINE SERVICE

You can also make local and long distance calls to automobiles, trucks and boats equipped for mobile telephone service. Ask Long Distance for the Mobile Service Operator, or the Marine Operator.

OVERSEAS CALLS

You can call practically all the world's telephones from your telephone. See International Direct Distance Dialing Information on page 15.

Reduced rates apply on calls to many countries during certain night hours and on Sundays.

CALLING CARD

Make out-of-town calling easier when you are away from your office or home. You can charge out-of-town calls, anytime, anywhere, and have the charges appear on your business or residence telephone bill.

ILLINOIS RESTRICTED CALL REGISTRY

Illinois law protects residents from certain unwanted telemarketing calls. For more information about the **Restricted Call Registry** and how to enroll visit www.fcc.gov/cgb/donotcall.

LONG DISTANCE CALLING

HOW TO CALL LONG DISTANCE— DIRECT DISTANCE DIALING

With Direct Distance Dialing (DDD), you can dial your own station-to-station long distance calls. To make Direct Distance Dialing possible, the nation has been divided into more than 120 geographic areas. Each area has its own three-figure "Area Code," (see map on page 10.)

You probably can obtain the area code of the place you are calling by checking the map. If the map does not show clearly the area code you want, and it is not listed on pages 12, 13 or 14 of your directory, call the operator and she will give you the area code.

ILLINOIS MSA MAP

(MARKET SERVICE AREA)

The geographic areas in each state in which long distance calls are carried are known as LATAs (Local Access Transport Area).

Calls which originate and terminate in the same LATA are called "Intra-LATA" calls or **local long distance** calls. For example, a call made from Baldwin, which is in MSA 12, to a community within the MSA 12 listing is considered a local long distance call. Calls which originate in one LATA and terminate in another LATA in the same state are called "Inter-LATA" calls. For example, a call made from Baldwin, which is in MSA 12, to a community within the MSA 15 listing is **not** considered a **local long distance** call.

Calls which are placed from one state to a location in another state are called "Interstate" calls.

INTERNATIONAL CALLS

INTERNATIONAL DIRECT DISTANCE DIALING

International Direct Distance Dialing puts the world at your fingertips, **Egyptian Telephone** customers can dial direct to many foreign countries.

Calling overseas is not only inexpensive, it's fast and easy. You can dial any one of 83 countries without operator assistance, which also saves you money.

Detailed instructions for dialing international calls appear elsewhere on this page.

Dial the International Access Code (**011** or, for operator assisted calls, **01**) without pausing between digits. If you hesitate 3 or more seconds after dialing "0", you'll get your local operator.

After dialing the International Call, allow at least 45 seconds for the ring to start.

Signals (ringing, number busy, etc.) in other countries often differ from those in the United States.

DIALING INSTRUCTIONS

To dial international calls, dial in sequence:

- ✓ The International Access Code - **011**
- ✓ The Country Code - a two or three digit number.
- ✓ The City Routing Code - a one to five digit number.
- ✓ The local telephone number.

For example, to place a call to London, here's what you'd dial:

International Access Code		Country Code		City Code		

ASSISTED CALLS

After the call is dialed, the Operator will come on the line to ask for information such as the name of the person you are calling or your calling card number.

TROUBLESHOOTING

Troubleshooting Your Telephone Service

Follow these steps to help fix your phone service fast and avoid unnecessary repair costs. By performing these quick tests before calling for service, you'll help us send the appropriate technician to fix the problem. In fact, you may not need a technician at all.

INSIDE TESTING

Unplug all equipment from phone jacks and electrical outlets, including:

- Answering machines
- Fax machines
- Cordless phones
- Satellite dishes
- Computers
- Caller ID boxes
- Modems
- Alarm systems

Wait 20 minutes, then plug a corded telephone into each of your phone jacks. Check for dial tone or static. If there is static, repeat the process using a different corded telephone to make sure the first phone is not the cause of the problem. If the trouble occurs only in certain jacks, it is likely caused by faulty wiring or jacks. If the trouble occurs in all of them, proceed with outside testing.

OUTSIDE TESTING

Find the Telephone Network Interface Device (NID) which is located outside your house. This device connects your inside wiring to the telephone network. This box contains a modular plug that allows you to disconnect all inside wiring and connect a working corded phone to test whether the local exchange networking is working. The NID has two parts – one for Egyptian and one for the customer. All the wiring you need to check is on the customer access side.

Open the Network Interface cover at the Customer Access point using a screwdriver. Disconnect the modular plug from the test jack for the line that is causing the problem. This disconnects your inside wiring from the phone company's line. Wait one minute then insert plug from a telephone set that you know is working. You are now plugged directly

into the phone company line. Try the telephone. If the problem still exists, it is in the phone company's lines and you should contact Egyptian to make repairs. Once you have finished your test, disconnect your testing telephone and securely reinsert the original modular plug. Close the cover and screw the fastener down until the cover is tight.

If the problem is inside, you have trouble on your inside wiring, equipment, jacks, or remaining telephone sets. You can repair the problem yourself, or call Egyptian. Please note that charges may apply.

Egyptian provides excellent on-site support for all its products and services. If you experience difficulties or need additional information, please call our knowledgeable and experienced Support Staff at 618-774-1000.

The subscriber hears the directory number of the last incoming call prior to deciding whether or not to recall that number. If the line is busy when the subscriber activates the recall, a confirmation announcement is heard, the subscriber hangs up, and a querying process begins. For the next 30 minutes both the calling and called parties lines are checked. The call set up is made when both the originating and terminating lines are idle. - Does not work on 800 numbers, 900 numbers, outside the specified service area, or lines where Call Forward and some other call services have been activated.

TELEMARKETER CALL SCREENING

If annoying telemarketers are interrupting your daily routine, why not tell them how you really feel? Now you can, with Telemarketer Call Screening.

Calls from telemarketers are typically delivered to your phone as "unknown" or "out-of-area." This unique service intercepts these calls, and announces that you do not accept calls from telemarketers. The great thing is, your phone doesn't even ring. It also instructs telemarketers to add your name to their "DO NOT CALL" list. Other callers are advised to dial 1 or stay on the line to be connected.

It's peace of mind every time your phone rings.

STATEMENT OF NONDISCRIMINATION

ARTICLE I MEMBERSHIP

SECTION 1.1 Eligibility. Any eligible person, firm, association, corporation, or body politic or subdivision thereof will become a member of Egyptian Telephone Cooperative Association (hereinafter called the "Cooperative") upon receipt of at least one communications service (hereinafter referred to simply as "services") from the Cooperative. Membership is automatic and instantaneous upon receipt of service; however, each member shall:

- (1) Make a written or electronic application for membership for the Cooperative's records;
- (2) Agree to purchase services from the Cooperative as herein specified;
- (3) Agree to comply with, and be bound by, the Articles of Incorporation and Bylaws of the Cooperative and any rules and regulations adopted by the Board; and
- (4) Pay any membership fee as hereinafter may be specified.

The status of all memberships shall be as reflected upon the books of the Cooperative and no membership certificates will be issued.

SECTION 1.2 Definitions and Classifications.

- (1) The Board shall determine, within the limits set by law, what constitutes a "communications service" for the purposes of any class of membership at the Cooperative. At a minimum, communications service for the purpose of membership shall include traditional dial tone that has historically been the basis for membership in the cooperative, but purchase of dial tone is not a requirement for membership as long as at least one other communications service, as defined by this section, is purchased. Once a service is determined to be a communications service for purposes of membership, that determination can only be reversed by vote at a meeting of the members.
- (2) The Cooperative may have one or more classes of members to accommodate the various types of services. If the Cooperative has more than one class of membership, the definitions, the types, the qualifications and rights of each class shall be determined by the Board and set forth in these Bylaws.
- (3) Exchange carriers, interexchange carriers, and other communications service providers are eligible for membership and patronage allocation to the extent they utilize the Cooperative's basic communications services in the ordinary course of administrative affairs of their business. However, none of such entities or their customers are eligible for Cooperative membership or patronage allocation by virtue of their:
 - (a) Purchase of local access or toll access services
 - (b) Purchase of equipment
 - (c) Joint participation with the Cooperative in the provision of telecommunications services
 - (d) Payment of access or regulatory support program fees or assessments
 - (e) Payment of interconnection fees
 - (f) Purchase for resale of any of the Cooperative's services or
 - (g) Participation with the Cooperative in the provision of communication services.
- (4) A non-natural entity or organization may apply or continue membership in the Cooperative pursuant to the requirements for membership specified in Section 1.1 of this article (Referred to herein as corporate or organizational memberships). Any such non-natural person accepted, or continuing membership, must designate to the Cooperative an individual to represent its voting interests in any meeting of the members or any otherwise needed representation of that membership's interests.
- (5) Each time sharing or interval ownership premise is considered as a single corporate member. The corporation holding the seasonal, recreational and short-interval rental properties will be deemed to hold the membership.
- (6) No member may hold more than one membership of each class in the Cooperative. No membership in the Cooperative shall be transferable, except on the books of the Cooperative and as provided for in these Bylaws.
- (7) All memberships in the Cooperative are extended only to individual persons (natural or corporate) who meet the requirements of 1.1. Memberships formerly issued to husbands and wives, previously referred to as joint memberships, will be allowed to continue. However, from the date of this current edition of Bylaws, no new joint memberships will be established. Individual memberships will be freely transferable on the books of the Cooperative between any persons in the same household or corporation upon request in writing. Thus, the term "member" as used in these Bylaws shall refer to an individual but can, on a grandfathered basis, be deemed to include a husband and wife still holding a joint membership and any provisions relating to the rights and liabilities of membership shall apply equally with respect to the holders of a joint membership. Without limiting the generality of the foregoing, the effect of the hereinafter specified actions by or in respect of the holders of a grandfathered joint membership shall be as follows:
 - (a) The presence at a meeting of either or both shall be regarded as the presence of one member and shall constitute a joint waiver of notice of the meeting;
 - (b) The vote of either separately or both jointly shall constitute one joint vote;
 - (c) A waiver of notice signed by either or both shall constitute a joint waiver;
 - (d) Notice to either shall constitute notice to both;
 - (e) Expulsion of either shall terminate the joint membership;
 - (f) Withdrawal of either shall terminate the joint membership;
 - (g) Either, but not both, may be elected or appointed as an officer or Board member if both are individually qualified;
 - (h) Upon the death of either spouse who is a party to the joint membership, such membership shall be converted to an individual membership. However, the estate of the deceased shall not be released from any debts due the Cooperative.

SECTION 1.3 Membership Fee. The membership fee, if any, shall be determined by the Board at a uniform amount and set for each class of membership. The Board may dispense with the initial payment of a membership fee, allowing the amount of such membership fee to be taken from the first capital credits accruing to the member's account; however, membership fees taken from accrued capital credits shall not be refunded upon termination of membership but will be paid out under the provisions of the Cooperative's general and special capital credit retirement Bylaws.

SECTION 1.4 Purchase of Services. Each person who applies for service shall, as soon as service is available, take service from the Cooperative. The Board may limit the amount of communications service which the Cooperative shall be required to furnish to any one member. The member shall pay therefore monthly at rates in accordance with either established tariffs as fixed by the Board, or, for the services rendered by other carriers, at the rates which the Cooperative is obliged to bill and collect by contractual arrangements with other carriers. It is expressly understood that amounts received by the Cooperative for all services in excess of cost are furnished by members from the moment of receipt as capital, and each member shall be credited with the capital so furnished as provided in these Bylaws. However, the Cooperative is not obligated to furnish such credits for services which are not billed and collected by the Cooperative, even when such services are partially rendered over the facilities of the Cooperative. Each member shall pay the above amounts owed by the member to the Cooperative as and when the same shall become due and payable.

SECTION 1.5 Termination of Membership.

- (1) Any member may withdraw from membership upon compliance with such uniform terms and conditions as the Board may prescribe. The Board may, by the affirmative vote of not less than 2/3 of all the members of the Board, expel any member who fails to comply with any of the provisions of the Articles of Incorporation, Bylaws, or rules and regulations adopted by the Board, but only if such member shall have been given notice by the Cooperative that such failure makes him/her liable to expulsion and such failure shall have continued for at least ten days after such notice was given. Any expelled member may be reinstated by vote of the Board or by vote of the members at any annual or special meeting.
- (2) Upon the withdrawal, death, cessation of service or expulsion of a member, the membership of such member shall thereupon terminate and will be so recorded on the books of the Cooperative. Termination of membership in any manner shall not release a member or his/her estate from any debts due the Cooperative nor do unpaid bills release members from their obligations under these Bylaws or rules and regulations approved by the Board.
- (3) If a Membership fee has been paid by a landlord on behalf of his tenant, upon the removal of such tenant from the premises of the landlord, the Membership of such tenant shall terminate.

ARTICLE II RIGHTS AND LIABILITIES OF THE COOPERATIVE AND THE MEMBERS

SECTION 2.1 Service Obligations.

- (1) The Cooperative will use reasonable diligence to furnish adequate and dependable services, but it cannot and does not guarantee uninterrupted services, nor will it always be able to provide every service desired by each individual member.
- (2) The members pledge to purchase all services from the Cooperative to the extent that its services are able to meet the members' needs and are competitively priced.

SECTION 2.2 Cooperation of the Members in the Extension of Services. The cooperation of members of the Cooperative is imperative to the successful, efficient, and economical operation of the Cooperative. Members who are receiving or who are requesting service shall be deemed to have consented to the reasonable use of their real property to construct, operate, maintain, replace or enlarge telephone and/or communications lines, overhead or underground, including all conduit, cables, wires, surface testing terminals, markers and other appurtenances under, through, across, and upon any real property or interest therein owned or leased or controlled by said member for the furnishing of telephone or communication service to said member, or any other member, at no cost to the Cooperative. When requested by the Cooperative, the member does agree to execute any easement or right-of-way contract on a form to be furnished by the Cooperative in order to record the easement granted by the member to the cooperative as described herein.

SECTION 2.3 Nonliability for Debts of the Cooperative. The private property of the members shall be exempt from execution or other liability for the debts of the Cooperative and no member shall be liable or responsible for any debts or liabilities of the Cooperative.

SECTION 2.4 Property Interest of Members. Upon dissolution, after:

- (1) All debts and liabilities of the Cooperative shall have been paid;
- (2) All capital furnished through patronage shall be retired as provided in these Bylaws; and
- (3) The remaining property and assets of the Cooperative shall be distributed among the members and former members in the proportion which the aggregate patronage of each member and former member bears to the total patronage of all such members and such former members on the date of dissolution unless otherwise provided by law.

ARTICLE III MEETINGS OF MEMBERS

SECTION 3.1 Annual Meeting. The annual meeting of the members shall be held at a date and place within the State as selected by the Board, and shall be designated in the Notice of the Meeting for the purpose of electing Board members, passing upon reports for the previous fiscal year and transacting such other business as may come before the meeting. It shall be the responsibility of the Board to make adequate plans and preparations for the annual meeting. Failure to hold the annual meeting at the designated time shall not work a forfeiture or dissolution of the Cooperative nor affect the validity of any corporate action.

SECTION 3.2 Special Meetings. Special meetings of the members may be called by resolution of the Board, or upon a written request signed by any three (3) Board members, by the President, or by not less than two hundred (200) members or by ten percent (10%) of all the members, whichever shall be the lesser, and it shall thereupon be the duty of the secretary to cause notice of such meeting to be given as hereinafter provided. Special meetings of the members may be held at any place within one of the counties served by the Cooperative as designated by the Board and shall be specified in the Notice of the special meeting.

SECTION 3.3 Notice of Members' Meetings. Written or printed notice stating the place, day and hour of the meeting, and, in case of a special meeting or an annual meeting at which business requiring special notice is to be transacted, the purpose or purposes for which the meeting is called, shall be delivered not less than five (5) days nor more than forty (40) days before the date of the meeting, either personally or by mail, by or at the direction of the secretary, or upon a default in duty by the secretary, by the persons calling the meeting, to each member. If mailed, such notice shall be deemed to be delivered when deposited in the United States Mail, addressed to the member at the address appearing on the records of the Cooperative, with postage thereon prepaid. The incidental or unintended failure of any member to receive notice of an annual or special meeting of the members shall not invalidate any action which may be taken by the members at any such meeting.

SECTION 3.4 Postponement of a Meeting of the Members. In the event of inclement weather or the occurrence of a catastrophic event, the meeting of the members may be postponed by the President. Notice of the adjourned meeting shall be given by the President in any media of general circulation or broadcast serving the area.

SECTION 3.5 Quorum. Business may not be transacted at any meeting of the members unless there are present in person at least fifty (50) members or two percent (2%) of the then total members of the Cooperative, whichever is greater, except that, if less than a quorum is present at any meeting, a majority of those present in person may adjourn the meeting to another time and date, provided that the secretary shall notify any absent members of the time, date, and place of such adjourned meeting by delivering notice thereof as provided in Section 3.3. At all meetings of the members, whether a quorum be present or not, the secretary shall affix to the meeting minutes, or incorporate therein by reference, a list of those members who were registered as present in person.

SECTION 3.6 Credentials and Election Committee. The Board of Directors shall appoint a Credentials and Election Committee consisting of an uneven number of Cooperative members, not less than three (3), nor more than eleven (11), who are not existing Cooperative employees, agents, officers, Directors or known candidates for Director, and who are not close relatives (as hereinafter defined) or members of the same household thereof. In appointing the Committee, the Board shall have regard for the equitable representation of the geographic areas served by the Cooperative. The Committee may elect its own chairman and secretary prior to the member meeting. It shall be the responsibility of the Committee to establish or approve the manner of conducting member registration and any ballot or other voting, to pass upon all questions that may arise with respect to the registration of members in person to count all ballots or other votes cast in any election or in any other matter, to rule upon the effect of any ballots or other vote irregularity or indecisively marked or cast, to rule upon all other questions that may arise relating to member voting and the election of directors (including but not limited to the validity of petitions of nomination or the qualification of candidates and the regularity of the nomination and election of directors), and to pass upon any protest or objection filed with respect to any election or conduct affecting the results of any election. In the exercise of its responsibility, the Committee shall have available to it the advice of counsel provided by the Cooperative. In the event a protest or an objection is filed concerning any election, such protest or objection must be filed during, or within three (3) business days following the adjournment of the meeting in which the voting is conducted. The Committee shall thereupon be reconvened, upon notice from its chairperson, not less than seven (7) days after such protest or objection is filed. The Committee shall hear such evidence as presented by the protester(s) or objector(s), who may be heard in person, by counsel, or both, and any opposing evidence; and the Committee, by a vote of a majority of those present and voting, shall, within a reasonable time, but not later than thirty (30) days after such hearing, render its decision, the result of which may be to affirm the election, to change the outcome thereof, or to set it aside. The Committee may not affirmatively act on any matter unless a majority of the Committee is present. The Committee's decision (as reflected by a majority of those actually present and voting) on all matters covered by this section shall be final.

SECTION 3.7 Voting at Meetings. Each member shall be entitled to only one (1) vote upon each matter submitted to a vote at a meeting of the members. Proxy voting is not permitted. All issues with respect to voting shall be governed according to the latest edition of Rules of Order used by the Cooperative unless otherwise specified by law or the Articles of Incorporation. Voting by members other than members who are natural persons shall be allowed upon presentation to the Cooperative, prior to each member meeting, and satisfactory evidence entitling the person presenting the same to vote. All questions, except those involving multiple choice issues or determinations, shall be decided by a vote of a majority of the members voting except as otherwise provided by law, the Articles of Incorporation, or these Bylaws. Multiple choice issues or determinations shall be decided by a plurality vote. In no event shall any individual, utilizing any combinations of that individual's single membership, or as a representative of an organizational or corporate membership, be entitled to cast more than three (3) votes on any issue submitted to a vote at a meeting of the Members. In the election of directors, a voice vote may be permitted if there is no competition for the seat or seats to be filled.

At its discretion, the Board may authorize mail and/or electronic voting for elections and develop by policy, methods of validation of ballots prior to the distribution of ballots in any given election cycle. Any mail or electronic balloting requirements and policies shall be developed and approved by the Board of Directors and reviewed on an annual basis.

SECTION 3.8 Order of Business. The order of business at the annual meeting of the members and, so far as possible at all other meetings of the members, shall be conducted under policies established by the Board and under an agenda essentially as follows, except as otherwise determined by the members at such meeting:

- (1) Report on the number of members present in person in order to determine the existence of a quorum.
- (2) Reading of the Notice of the Meeting and proof of the timely publication or mailing thereof, or the waiver or waivers of Notice of Meeting, as the case may be.
- (3) Reading of unapproved minutes of previous meetings of the members and the taking of necessary action thereon unless minutes presented for approval shall have been furnished by a timely mailing or have been distributed at the meeting to all active members present. In such case, the President may entertain a motion from the floor to dispense with the reading of such minutes.
- (4) Audit report of outside auditors or a summary thereof.
- (5) Election of Board members.
- (6) Presentation and consideration of reports of officers, trustees, and committees.
- (7) Unfinished business.
- (8) New business.
- (9) Adjournment.

Notwithstanding the foregoing, the Board or the members themselves may, from time to time, establish a different order of business for the purpose of assuring the earlier consideration of an action upon any item of business, the transaction of which is necessary or desirable in advance of any other item of business; provided that no business other than adjournment of the meeting to another time and place may be transacted until and unless the existence of a quorum is first established.

ARTICLE IV BOARD MEMBERS

SECTION 4.1 General Powers. The business and affairs of the Cooperative shall be managed by a Board of no more than nine (9) members and no less than seven (7) members, a number to be determined by the Board, which shall exercise all the powers of the Cooperative except such as are by law, Articles of Incorporation, or these Bylaws conferred upon or reserved to the members.

SECTION 4.2 Election Process and Tenure of Office. Directors shall be elected by a secret ballot at each annual meeting when there is competition for the Board seat(s) to be filled. They shall be elected by and from the members to serve a three (3) year term or until their successors shall have been elected and shall have qualified. The terms of the directors shall be staggered to insure continuity.

If an election of directors is not held on the day designated herein for the annual meeting or at any adjournment thereof, a special meeting of the members shall be held for the purpose of electing directors at a reasonable time thereafter.

The Board of Directors shall consist of one member from each exchange in the Cooperative. The remaining two (2) board members shall be selected from the service areas to maintain geographical area representation, however, no exchange shall have more than two (2) board members.

SECTION 4.3 Qualifications to Become or Remain a Director. Any member shall be eligible to become or remain a director provided that the member:

- (1) Is a member in good standing and presently resides in the area served, or to be served, by the Cooperative. Member must have resided there for more than two hundred and forty (240) days during the last twelve (12) month period. Account must have been in good standing for one (1) year, prior to election or appointment as a director.
- (2) Is not an employee of the Cooperative or in any way financially interested in a competing enterprise or a business engaged in selling communications services, communications supplies, or maintaining communications facilities. However, the Board may grant exceptions for "deminimus" competing enterprises.
- (3) Is not a former employee of the Cooperative who was terminated for cause. A former employee who was not terminated for cause may be eligible to become a Director no sooner than a date three (3) years from the time the member's employment with the Cooperative ended.
- (4) Has not, while a Director, and during the ten (10) years immediately before becoming a Director, been convicted of, or plead guilty to, a felony, two (2) misdemeanors (excluding minor traffic violations), or any offense involving moral turpitude.
- (5) Is not closely related to an incumbent Director or an employee of the Cooperative. As used in these Bylaws, "closely related" means a person who is related to the principal person by consanguinity or affinity, to the second degree or less—that is, a person who is either a spouse, child, grandparent, parent, brother, sister, aunt, uncle, nephew or niece, by blood or in law, of the principal. However, no incumbent Director shall lose eligibility to remain or be reelected as a Director if he becomes a close relative of another incumbent Director or of a Cooperative employee because of a marriage to which he or she was not a party; neither shall an employee lose eligibility to continue in the employment of the Cooperative if he or she becomes a close relative of a Director because of a marriage to which he or she was not a party.
- (6) To remain a Director, the incumbent must:
 - (a) Attend at least two-thirds of the regular monthly board meetings during each 12-month period, beginning with the month of his/her election, unless the remainder of the board excuses such violation because of medical or personal emergency reasons; and
 - (b) Attend during each three-year term, at least three board-approved national, state or regional meetings, workshops and/or seminars related or pertaining to the continuing education, training, or industry informational updating, unless the remainder of the board excuses such violation because of medical or personal emergency reasons.
- (7) Upon establishment of the fact that a Director nominee, or incumbent Director, is in violation of any of the provisions of this section, then that nomination or incumbent office shall be deemed vacant, and the Board shall take the necessary action to remove such nominee from the election or the incumbent from office.
- (8) Nothing in this section shall affect in any manner whatsoever, the validity of any action taken at any meeting of the Board.

SECTION 4.4 Nominations. It shall be the duty of the Board to appoint a committee on nominations consisting of not less than 5 nor more than 11 members who shall be selected from different geographic areas so as to ensure equitable representation. At least one (1) member of the committee shall be selected from each geographic area where a Director is to be elected. This Committee shall be appointed not less than forty (40) days nor more than ninety (90) days before the date of a meeting of the members at which Board members are to be elected. No member of the Board, close relative of a Board member, or employee may serve on such committee. The committee, keeping in mind the principle of equitable representation, shall prepare and post at the principle office of the Cooperative at least twenty (20) days before the meeting, a list of nominations for Board members which shall include as many nominees for each Board position as the committee deems desirable. The secretary shall be responsible for mailing with a Notice of the Meeting, or separately, but at least five (5) days before the date of the meeting, a statement of the number of Board members to be elected and the names by exchange of the candidates nominated by the committee on nominations. Any fifteen (15) or more members acting together may make other nominations by petition and the secretary shall post such nominations at the same place where the list of nominations made by the committee is posted. Nominations made by petition, if any, must be received at least ten (10) days before the meeting. Ballot shall arrange the names of the candidates by geographic areas and shall also designate the candidates nominated by the committee and those nominated by petition. There shall be no nominations from the floor. Incumbent Board members must be re-nominated by the committee or by petition to be re-elected.

SECTION 4.5 Election of Directors. Contested elections of Directors shall be by a form of printed ballot. The ballot shall list the names of the candidates nominated by the committee and by petition with such names arranged by exchanges.

Each member of the Cooperative present in person at the meeting shall be entitled to vote for one (1) candidate for each director position to be filled from each exchange from which a Director is to be elected or on any issue before the meeting. The candidate from each exchange from which a Director is to be elected receiving a plurality of votes cast for that office at such meeting shall be declared elected as a Director. If an election is not held due to failure to reach a quorum, or any other valid reason, at a meeting where an election is scheduled, that election shall take place either at a special meeting of the members held for that purpose, or at the next regularly scheduled annual meeting where a quorum is present. A director elected under these circumstances, at a special meeting, or at the next annual meeting where a quorum is present, shall serve only the remainder of the three year term as if elected on the date of the originally scheduled election.

In any year which any of the nominees for election as director, as determined in Article IV, Section 4.4, do not have formal challenges for the position after the posted deadline for nominating petitions, secret balloting for that director position may be dispensed with respect to the election, voting may be conducted in any other proper manner, or the Secretary may certify the results of the election to the Board.

SECTION 4.6 Removal of Board Member by Members and Resignations. Any member may bring charges, relating to the duties and responsibilities of his/ her position, against a Board member and, by filing with the secretary such charges in writing together with a petition signed by at least ten (10) percent of the members, or two hundred (200), whichever is the lesser, may request the removal of such Board member by reason thereof. Such Board member shall be informed in writing of the charges at least ten (10) days prior to the meeting of the members at which the charges are to be considered and shall have an opportunity at the meeting to be heard in person or by counsel to present evidence in respect to the charges; and the person or persons bringing the charges against him shall have the same opportunity. The question of the removal of such Board member shall be considered and voted upon at the meeting of the members. No Director shall be removed from office unless by a vote of two-thirds (2/3) of the members present. Any vacancy created by such removal may be filled by vote of the members at such meeting without compliance with the foregoing provisions with respect to nominations.

A Director may resign at any time by written notice delivered to the Board of Directors, the President or Secretary of the Cooperative. A resignation is effective when the notice is delivered unless the notice specifies a future date. The pending vacancy may be filled before the effective date but the successor shall not take office until the effective date.

SECTION 4.7 Vacancies. Subject to the provisions of these Bylaws with respect to the filling of vacancies caused by the removal of Board members by the members, a vacancy occurring in the Board shall be filled by the affirmative vote of a majority of the remaining Board members for the unexpired portion of the term, provided, however, that in the event the vacancy is not filled by the Board within ninety (90) days after the vacancy occurs, the members shall have the right to fill such vacancy at a meeting of the members without compliance with the foregoing provisions in respect to nominations. However, any successor, whether chosen by the Board or the members must reside in the same exchange as the vacant directorship and have the same qualifications for office as set forth in Section 4.3. If a Board member duly elected by the membership at large (not individual exchange) moves his residence to another exchange of the Cooperative, he may continue to serve as Director for his former exchange until the next regular election for that exchange.

SECTION 4.8 Catastrophic Loss of Board Members. The loss of four (4) or more Board members arising from an event of natural or human origin shall be deemed a catastrophic loss of Board members. In the event of a catastrophic loss of Board members, the remaining Board members shall appoint, within one hundred twenty (120) days, individuals qualified, pursuant to the qualifications, set out in these Bylaws, to serve as Board members for each of the Districts which suffered the loss of a Board member, keeping in mind the principle of equitable geographic representation. Board members so appointed shall serve until the next annual meeting of the membership, at which time all Board positions appointed under this Section shall stand for election. In the event of a catastrophic loss wherein two (2) or less Board members remain, the remaining Board member(s), or if no Board remains, the highest ranking Cooperative staff member, shall call a special meeting of the membership within ninety (90) days of the occurrence of the vacancy to elect the applicable number of Board members to fill the vacant positions in accordance with all provisions of these Bylaws.

SECTION 6.8 General Manager. The Board shall appoint a General Manager, who may be, but who shall not be required to be, a member of the Cooperative. ARTICLE VII

INDEMNIFICATION OF OFFICERS, BOARD MEMBERS, EMPLOYEES AND AGENTS

SECTION 7.1 Scope of Indemnification. The Cooperative shall indemnify any person who was or is a party, or is threatened to be made a party to any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigative (other than an action by, or in the right of the Cooperative) by reason of the fact that such person is or was a Board member, officer, employee, or agent of the Cooperative or who is or was serving at the request of the Cooperative as a Board member, officer, employee, or agent of another Cooperative, association, corporation, partnership, joint venture, trust, or other enterprise, against expenses, (including attorney's fees) adjustments, fines, and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding; provided such person acted in good faith and in a manner such person reasonably believed to be in, or not opposed to, the best interests of the Cooperative, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any action, suit, or proceeding by judgment, order, settlement, conviction, or upon pleas of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which such person reasonably believed to be in, or not opposed to, the best interests of the Cooperative, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the conduct of such person was unlawful.

SECTION 7.2 Indemnification for Good Faith Action. The Cooperative shall indemnify any person who was or is a party, or is threatened to be made a party to, any threatened, pending, or completed action or suit by, or in the right of, the Cooperative to procure a judgment in its favor by reason of the fact that such person is, or was, a Board member, officer, employee, or agent of the Cooperative, or is, or was, serving at the request of the Cooperative as a Board member, officer, employee, or agent of another Cooperative, association, corporation, partnership, joint venture, trust, or other enterprise, against expenses (including attorney's fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit, if such person acted in good faith, and in a manner such person reasonably believed to be in, or not opposed to, the best interests of the Cooperative. No indemnification shall be made in respect of any claim, issue, or matter as to which such person shall have been adjudged to be liable for negligence or misconduct in the performance of the duty of such person to the Cooperative, unless, and only to the extent that the Court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability, but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity of such expenses as the court shall deem proper.

SECTION 7.3 Cost of Defense Indemnified. To the extent that a Board member, officer, employee, or agent of the Cooperative has been successful, on the merits or otherwise, in the defense of any action, suit or proceeding referred to in Sections 7.1 and 7.2, in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorney's fees) actually and reasonably incurred by such person in connection therewith.

SECTION 7.4 Amount of Indemnification. Any indemnification under Sections 7.1 and 7.2 (unless ordered by a court) shall be made by the Cooperative only as authorized in the specific case, upon a determination that indemnification of the Board member, officer, employee, or agent is proper in the circumstances because such person has met the applicable standard of conduct set forth in Sections 7.1 and 7.2. Such determination shall be made:

- (1) By the Board by a majority vote of a quorum consisting of Board members who were not parties to such action, suit, or proceedings; or
- (2) If such a quorum is not obtainable, or if obtainable, if a quorum of disinterested Board members so directs, by independent legal counsel in a written opinion; or
- (3) By the members.

SECTION 7.5 Expenses Advanced. Expenses incurred in defending a civil or criminal action, suit, or proceeding may be paid by the Cooperative in advance of the final disposition of such action, suit, or proceeding, as authorized by the Board in the specific case, upon receipt of a firm commitment by or on behalf of the Board member, officer, employee, or agent to repay such amount, unless it shall ultimately be determined that he is entitled to be indemnified by the Cooperative as authorized in this Article.

SECTION 7.6 Rights of Persons Indemnified. The indemnification provided by this Article shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any Bylaw, agreement, vote of members or disinterested Board members, or otherwise, both as to action in his official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a Board member, officer, employee, or agent, and shall inure to the benefit of the heirs, executors and administrators of such a person.

SECTION 7.7 Insurance Coverage. The Cooperative may purchase and maintain insurance on behalf of any person who is or was a Board member, officer, employee, or agent of the Cooperative, or who is or was serving at the request of the Cooperative as a Board member, officer, employee, or agent of another Cooperative, association, corporation, partnership, joint venture, trust, or other enterprise, against any liability asserted against such person and incurred by such person in any such capacity, or arising out of the status of such person as such, whether or not the Cooperative would have the power to indemnify such person against such liability under the provisions of this Article.

ARTICLE VIII

NON-PROFIT OPERATION

SECTION 8.1 Interest or Dividends on Capital Prohibited. The Cooperative shall at all times be operated on a Cooperative non-profit basis for the mutual benefit of its patrons. No interest or dividends shall be paid or payable by the Cooperative on any capital furnished by its patrons.

SECTION 8.2 Patronage Capital in Connection with Furnishing Communications Services. In the furnishing of communications services, the Cooperative's operations shall be so conducted that all patrons will, through their patronage, furnish capital for the Cooperative. In order to induce patronage and to insure that the Cooperative will be operated on a non-profit basis, the Cooperative is obligated to account on a patronage basis to all its patrons for all amounts received and receivable from the furnishing of communications services in excess of operating costs and expenses properly chargeable against the furnishing of such services. All such amounts in excess of operating costs and expenses for communications services at the moment of receipt by the Cooperative are received with the understanding that they are furnished by the patrons as capital. The Cooperative is obligated to pay by credits to a capital account for each patron all such amounts in excess of operating costs and expenses derived from communications services. The books and records of the Cooperative shall be set up and kept in such manner that at the end of each fiscal year the amount of capital, if any, so furnished by the patron for communications services is clearly reflected and credited in an appropriate record to the capital account of each patron, and the Cooperative shall within a reasonable time after the close of the fiscal year notify each patron of the amount of capital so credited to the patron's account; provided that individual notice of such amounts furnished by each patron shall not be required if the Cooperative notifies all patrons of the aggregate amount of such excess from communications services and provides a clear explanation of how each patron may compute and determine the specific amounts of capital so credited to the patron's account. All such amounts credited to the capital account of any patron shall have the same status as though it had been paid to the patron in cash in pursuance of a legal obligation to do so and the patron had then furnished the Cooperative corresponding amounts for capital.

Notwithstanding any other provisions of these Bylaws, the Board of Directors, at its discretion, may allocate all non-patronage sourced income earned in excess of costs and expenses, from

- (1) The Cooperative,

- (2) Its affiliates or subsidiary corporations, or
- (3) Other legal entities owned by the cooperative.

To one or more of the following:

- (1) To offset any losses incurred during current year operations or any prior fiscal year;
- (2) To a reserve for communications services investments;
- (3) To the permanent capital of the Cooperative; or
- (4) To the Cooperative patrons and/or members on a patronage basis in a manner deemed equitable to the Board; provided that the Cooperative must allocate to the Cooperative patrons and/or members (and pay by credits to a capital account for each patron and/or member) on a patronage basis in a manner deemed equitable by the Board all such earned amounts in excess of costs and expenses that are:
 - (a) determined to be patronage sourced for federal income tax purposes, and
 - (b) attributable to any affiliate, subsidiary corporation, or other legal entity owned by the Cooperative that is disregarded for federal income tax purposes and deemed to be a division of the Cooperative.

Any amounts allocated to a reserve for communications and/or information services investments or to the permanent capital of the Cooperative are not assignable to the patrons and/or members until the Board of directors shall determine otherwise. The amount to be credited to the capital accounts of members based on their patronage shall be no less than the greater of the alternative minimum taxable income or regular taxable income of the Cooperative resulting from their patronage as determined under Federal income tax law.

If the costs and expenses exceed the amounts received and receivable from the furnishing of communication services, hereinafter referred to as "loss", then the Board shall have the authority to prescribe a fair and equitable treatment of any loss, including by way of example and not by limitation, carrying forward of any loss to offset future allocations of patronage capital to the members resulting from the furnishing of communications service. In no event shall any member be required to fund a deficit patronage capital account. Losses subject to this paragraph shall be determined in the same manner and method that patronage capital is calculated and allocated to members as provided above with respect to the pre-existing obligation to allocate patronage capital.

In the event of dissolution or liquidation of the Cooperative, after all outstanding indebtedness of the Cooperative shall have been paid, outstanding capital credits shall be retired without priority on a pro rata basis before any payments are made on account of property rights of members. If, at any time prior to dissolution or liquidation, the Board shall determine that the financial condition of the Cooperative will not be impaired thereby, the capital then credited to patrons' accounts may be retired in full or in part. All allocations and retirements of capital shall be at the discretion and direction of the Board as to kind, timing, method, and type of assignment and distribution. The Board may, at its discretion, discount capital credits retired earlier than the Cooperative's then normal rotation cycle.

The Cooperative, before retiring any capital credited to any patron's account, shall deduct therefrom any amount owing by such patron to the Cooperative, together with interest thereon at the Illinois legal rate on judgments in effect when such amount became past due, compounded annually.

Capital credited to the account of each patron shall be assignable only on the books of the Cooperative, pursuant to written instruction from the assignor and only to successors in interest, or successors in occupancy, in all or in a part of such patrons' premises served by the Cooperative, unless the Board, acting under policies of general application, shall authorize other types of assignments. Patrons at any time may assign their capital credits back to the Cooperative. Any attempt to assign or transfer the capital credited to the account of a patron pursuant to state or federal law is subject to a right of first refusal vested in the Cooperative for a period of sixty (60) days following notice to the Cooperative of a proposed transfer of such capital to the extent the Cooperative meets any compensation terms of the proposed transfer. The Cooperative is authorized to negotiate capital credit settlement arrangements with bankrupt patrons.

Notwithstanding any other provision of these Bylaws, the Board, at its discretion, shall have the power at any time upon the death of any natural patron, if the legal representative of his/her estate shall request in writing, that the capital credited to any such patron be retired prior to the time such capital would be retired in a general retirement under provisions of these Bylaws, to retire capital credited to any such patron immediately upon such terms and conditions as the Board, acting under policies of general application, and the legal representative of such patron's estate shall agree upon; provided, however, that the financial condition of the Cooperative will not be impaired thereby.

It shall be the duty of the member at all times to provide the Cooperative the member's current mailing address, and to keep the Cooperative notified of any change thereto. This duty continues whether the service to the member has been terminated, the member has moved off the system, or the member has moved out of the service area of the Cooperative.

When the capital credits of any patron no longer receiving service from the Cooperative comes to a total amount of less than a fixed sum determined by the Board of Directors, the same shall be retired in full with such retirements made only when and at the same time that a general retirement to other patrons is made. During a general capital credit retirement, no checks shall be issued for less than a fixed amount determined by the Board, and the amount of such unretired capital credits will be retired in the first following year, when the total amount of capital credits qualifying for retirement exceeds that amount set by the Board, including the amount carried over. All tax refunds made by the United States Government or any of the states in connection with the final or true cost of service as determined by the capital credits allocation process may be held and used by the Cooperative as furnished patronage capital and shall be treated in the same manner as furnished capital set out in this Section of these Bylaws.

The patrons of the Cooperative, by dealing with the Cooperative, acknowledge that the terms and provisions of the Articles of Incorporation and Bylaws shall constitute and be a contract both between the Cooperative and each patron, and further, between all the patrons themselves individually. Both the Cooperative and the patrons are bound by such contract, as fully as though each patron had individually signed a separate instrument containing such term and provisions with the Cooperative and each of its patrons. The provisions of this Article of the Bylaws shall be called to the attention of each patron of the Cooperative by posting in a conspicuous place in the Cooperative's office or by publication distributed by the Cooperative to its patrons.

SECTION 8.3 Patronage Capital in Connection with Furnishing Other Services. In the event that the Cooperative should engage in the business of furnishing goods or services other than telecommunications and information services, all amounts received and receivable therefrom which are in excess of costs and expenses properly chargeable against the furnishing of such goods or services shall, insofar as permitted by law, be prorated annually on a patronage basis and returned to those patrons from whom such amounts were obtained at such time and in such order of priority as the Board shall determine.

ARTICLE IX

SECTION 9.1 Disposition and Pledging of Property. The Cooperative may not sell, mortgage, lease or otherwise dispose of or encumber all or any substantial portion in excess of ten percent (10%) of its total assets unless such sale, mortgage, lease, or other disposition or encumbrance is:

- (1) Authorized at a meeting of the then-total members by the affirmative vote cast in person, without proxies, of at least two-thirds (2/3) of the total members of the Cooperative, and
- (2) Authorized by the holders of at least seventy-five percent (75%) of the outstanding indebtedness of the Cooperative, and

- (1) If the Board looks with favor upon any proposal for such sale, lease, lease-sale, exchange, transfer, or other disposition, it shall first cause three (3) independent nonaffiliated appraisers, expert in such matters, to render their individual opinions as to the value of the Cooperative with respect to such a sale, lease, lease-sale, exchange, transfer, or other disposition, and as to any other terms and conditions which should be considered. The three (3) independent appraisers shall be designated by a district court resident judge for the Judicial district in which the Cooperatives headquarters are located. If such judge refuses to make such designations, they shall be made by the Board.
- (2) If the Board, after receiving such appraisals (and other terms and conditions which are submitted if any), determines that the proposals should be submitted for consideration by members, it shall first give, by notice in appropriate publications, other Cooperatively organized entities an opportunity to submit competing proposals. Any interested Cooperatively organized entity shall be sent copies of any proposals which the Cooperative has already received and copies of the respective reports of the three (3) appraisers. Such other interested Cooperatively organized

entities shall be given not less than thirty (30) days during which to submit competing proposals, and the actual minimum period within which proposals are to be submitted shall be stated in the written notice given to them.

- (3) If the Board then determines that favorable consideration should be given to the initial or any subsequent proposal which has been submitted to it, it shall so notify the members not less than sixty (60) days before noticing a special meeting of the members thereon or, if such be the case, the next annual member meeting, expressing in detail each of any such proposals, and shall call a special meeting of the members for consideration thereof and action thereon, which meeting shall be held not less than ten (10) nor more than thirty (30) days after giving the Notice thereof to the members: provided that consideration and action by the members may be given at the next annual meeting if the Board so determines and if such annual meeting is held not less than ten (10) nor more than thirty (30) days after the giving of notice of such meeting.
- (4) Any fifty (50) or more members, by so petitioning the Board not less than thirty (30) days prior to the date of such special or annual meeting, may cause the Cooperative, with the cost to be borne by the Cooperative, to mail to all members any opposing or alternative positions which they may have to the proposals that have been submitted or any recommendations that the Board has made.

The provisions of (1), (2), (3) and (4) above shall not apply to a sale, lease, lease-sale, exchange, transfer, or other disposition to one or more telephone or electric Cooperatives if the substantive or actual legal effect thereof is to merge or consolidate with such other one or more telephone or electric Cooperatives.

SECTION 9.2 Dissolution. The Cooperative may be dissolved by filing, as hereinafter provided, a certificate which shall be entitled and endorsed "Certificate of Dissolution of Egyptian Telephone Cooperative Association," and shall state:

- (1) Name of the Cooperative, and if such Cooperative is a corporation resulting from a consolidation as herein provided, the names of all the original corporations or Cooperatives.

A Certificate of Dissolution and a certified copy or copies thereof shall be filed in the same place as the original Certificate of Incorporation and thereupon the Cooperative shall be deemed to be dissolved.

Such Cooperative shall continue for the purpose of paying, satisfying, and discharging any existing liabilities or obligations, and collecting or liquidating its assets, and doing all other acts required to adjust and wind up its business and affairs, and may sue and be sued in its corporate name.

SECTION 9.3 Distribution of Surplus Assets on Sale or Dissolution. Any assets remaining after all debts and liabilities of the Cooperative have been paid shall be disposed of pursuant to the provisions of Section 2.4 above; provided, however, that if in the judgment of the Board the amount of such surplus relatively is too small to justify the expense of making such widespread distribution, the Board may, in lieu thereof, donate or provide for the donation of such surplus to one or more non-profit, charitable or educational organizations that are exempt from federal income taxation.

The Cooperative may become a member or purchase stock in other profit or nonprofit organizations, associations, partnerships, or joint ventures when the Board finds that the general or long-term interests of its membership will be served by such investments or participation.

SECTION 12.2 Waiver of Notice. Any member or Director may waive in writing any notice of a meeting required to be given by these Bylaws. The attendance of a member or Director at any meeting shall constitute a waiver of notice of such meeting by such member or Director, except in case a member or Director shall attend a meeting for the express purpose of objecting to the transaction of any business, on the grounds that the meeting has not been lawfully called or convened.

SECTION 12.3 Rules and Regulations. The Board shall have power to make and adopt such rules and regulations, not inconsistent with law, the Articles of Incorporation, or these Bylaws, as it may deem advisable for the management of the business and the affairs of the Cooperative.

ARTICLE XIII AMENDMENTS

These Bylaws may be altered, amended, repealed or rewritten by affirmative vote of not less than three-fourths (3/4) of all members of the Directors in office, at any regular or special meeting, but only if such meeting shall have contained a copy of the proposed alteration, amendment, or repeal; provided, however, the provisions of Section 9.1 relating to a major disposition of the Cooperative's property and Section 9.2 relating to the dissolution of the Cooperative, may be altered, amended or repealed only by the affirmative vote of not less than two-thirds (2/3) of all current members of the Cooperative voting in person and without proxy.

When the Board effects Bylaw changes or revisions for Sections other than 9.1 or 9.2, the specific changes or revisions become effective 60 days after they are promulgated to the membership at large. However, if within 60 days after the date of promulgation, the members have filed at the Cooperative's business office, petitions signed by at least twenty percent (20%) of the current members of the Cooperative stating objection to the bylaw change or revision, the bylaw change or revision shall not be effective, unless ratified by the members at any regular or special meeting of the members held within one (1) year after the Board passed such change or revision.

No further action may be taken by the Board relating to the successfully petitioned change or revision, except as provided above, for a period of one (1) year from the original date of passage by the Board. Thereafter, the Board may again take action to alter, amend or repeal the Bylaws.

TIPS FOR PREVENTING

CHILD ABDUCTION

Many abduction attempts...

- Involve a suspect driving a vehicle
- Occur when the child is traveling to or away from school
- Occur between 2 p.m. – 7 p.m.
- Involve girls and children between the ages of 10-14

The top five methods used during abduction attempts are...

- Offering a ride
- Offering candy or sweets
- Asking questions
- Offering money
- Offering, looking for or showing an animal

- Know the routes your children take, especially to and from school. Practice walking the routes with them so you can point out places they should avoid or where they can go for help.
- Talk to your child's school or day care facility about its pickup policy. Be clear that no one should pick up your child without your permission. Ask to be contacted immediately if someone else tries to pick up your child.
- Use role-playing scenarios to help children learn how to recognize and respond to risky situations. For example, have children practice yelling, kicking, pulling away or otherwise attracting attention when grabbed or approached by someone they do not know.
- Teach your child about the methods would-be abductors use. Have your child practice responding to the tricks by saying "no," walking away and telling a trusted adult immediately.
- Prepare children to act when you are not with them. They should know their full names, home addresses and telephone numbers, and how to dial 911.
- Keep a child identification kit, which includes a recent color photo of your child and descriptive details such as age, height and weight. For more information about creating a kit visit www.missingkids.com/ChildID.

If your child is missing, contact your local law-enforcement agency immediately.
Then make a report to the National Center for Missing & Exploited Children® at:

1-800-THE-LOST® (1-800-843-5678).

RETHINK "STRANGER DANGER"

- **DON'T SAY:** Never talk to strangers.
- **SAY:** You should not approach just anyone. If you need help, look for a uniformed police officer, a store clerk with a nametag, or a parent with children.
- **DON'T SAY:** Stay away from people you don't know.
- **SAY:** It's important to get my permission before going anywhere with anyone.
- **DON'T SAY:** You can tell someone is bad just by looking at them.
- **SAY:** Pay attention to what people do. Tell me right away if anyone asks you to keep a secret, makes you feel uncomfortable, or tries to get you to go with them.

INTERNET SAFETY

Parents should be aware of what their kids see and hear on the Internet, who they meet, and what they share about themselves. Talk with your kids, use tools to protect them, and keep an eye on their activities.

ONLINE PROTECTION TOOLS

Online tools let you control your kids' access to adult material and help protect them from Internet predators. Many Internet service providers (ISPs) provide parent-control options. You can also get software that helps block access to sites and restricts personal information from being sent online. Other programs can monitor and track online activity.

GETTING INVOLVED IN KIDS' ONLINE ACTIVITIES

More important than blocking objectionable material is teaching your kids safe and responsible online behavior, and keeping an eye on their Internet use.

Basic guidelines to share with your kids for safe online use:

- Never post or trade personal pictures.
- Never reveal personal information, such as address, phone number, or school name or location.
- Use only a screen name and don't share passwords (other than with parents).
- Never agree to get together in person with anyone met online without parent approval and/or supervision.
- Never respond to a threatening email, message, post, or text.
- Always tell a parent or other trusted adult about any communication or conversation that was scary or hurtful.

Basic guidelines for parental supervision:

- Spend time online together to teach your kids appropriate online behavior.
- Keep the computer in a common area where you can watch and monitor its use, not in individual bedrooms. Monitor any time spent on smartphones or tablets.
- Bookmark kids' favorite sites for easy access.
- Check your credit card and phone bills for unfamiliar account charges.
- Find out what, if any, online protection is offered by your child's school, after-school center, friends' homes, or any place where kids could use a computer without your supervision.
- Take your child seriously if he or she reports an uncomfortable online exchange.

Call the National Center for Missing and Exploited Children at (800) 843-5678

if you're aware of the sending, use, or viewing of child pornography online. Contact your local law enforcement agency or the FBI if your child has received child pornography via the Internet.

FIRST AID INFORMATION

A well-stocked first aid kit with a manual is a necessity in every home. **You should keep one first aid kit in your home and one in each vehicle.** Also, be sure to bring a first aid kit on family vacations.

Choose containers for your kits that are roomy, durable, easy to carry, and simple to open. Plastic tackle boxes are ideal, since they're lightweight, have handles, and offer lots of space.

INCLUDE THE FOLLOWING ITEMS IN EVERY FIRST AID KIT:

Bandages & Gauzes

Sterile Gauze
Adhesive Tape
Adhesive Bandages
Elastic Bandage
Antiseptic Wipes
Soap

Medicines

Triple-Antibiotic Cream
Antiseptic Solution H_2O_2
Hydrocortisone Cream (1%)
Anti-Inflammatory
Pain Killers
Calamine Lotion

Medical Equipment

Tweezers
Sharp Scissors
Safety Pins
Instant Cold Packs
Alcohol Wipes
Thermometer
Plastic Gloves

Additional Items: Flashlight with extra batteries, a list of emergency numbers

AFTER YOU'VE STOCKED YOUR FIRST AID KITS:

- Read the entire first aid manual so you'll understand how to use the contents of your kits. (If your kids are old enough to understand, review the manuals with them.)
- Store first aid kits in places that are out of children's reach but easily accessible for adults.
- Check the kits regularly. Replace missing items or medicines that may have expired.
- Check the flashlight batteries to make sure they work.
- If you're flying, be sure to pack the first aid kit in your checked luggage. Many of the items won't be permitted in your carry-on bags.
