## Reach Out with Relay

**I**llinois local telephone companies provide a service that allows people who are deaf, hard-of-hearing, or speech disabled and use a TTY to communicate with people who are hearing and use a standard telephone. The Illinois Relay Service is available 7 days a week, 24 hours a day. The relay operator speaks to the standard telephone user and types to the TTY user. There is no cost for the use of this service.

Relay service should not be used in emergencies. In an emergency, callers should use their local 911 or local emergency access numbers.

The relay service, which is required by state and federal law, is funded by a small fee included in your monthly service charge. The program is administered by the Illinois Telecommunication Access Corporation (ITAC) on behalf of all local telephone companies in Illinois. For more information about relay, call ITAC at (800) 841-6167 v/ tty. To use the Illinois Relay Service, dial 711.

## Important Notice Regarding Your Account

**F**rom time to time, Egyptian Telephone Cooperative Association changes its service offerings and makes available additional features and services, which may enhance and augment the services to which you are already subscribed. In order for us to determine which customers may benefit from the new services and enhancements, we will use information about your account that is within our database, legally referred to as Customer Proprietary Network Information (CPNI) unless you restrict that use in manner described below. CPNI includes information such as: your long distance carrier and plan to which you are subscribed; calling features and plans to which you are subscribed; and the associated charges for those plans. Use of this data will allow Egyptian Telephone to tailor our service offerings to your individual needs.

For this purpose, CPNI data will be used by Egyptian Telephone Cooperative and its subsidiaries only. This data will not be shared by Egyptian Telephone with any other outside source except as necessary and required to provide

the service(s) to which you are already subscribed, and unless we are legally compelled to share the information with an outside party, such as law enforcement agency.

In all events, however, you have a right under federal law to protect the confidentiality of your account information and restrict the use of CPNI data, and we have a responsibility to protect your data based upon your response. To restrict the use of your CPNI data, you must call the business office at 618-774-1000 during regular business hours or email us at [cpni@egyptian.net](mailto:cpni@egyptian.net) within 30 days of your receipt of this notice to request that we not utilize your CPNI data. Your denial of approval for Egyptian Telephone to use this data will not affect the provision of any services to which you subscribe. We will contact you no less than every 24 months in order to provide this notice again to remind you of your options. Your approval or denial of approval for the use of CPNI outside the service to which you already subscribe, however, will remain valid until you revoke or limit the approval or denial.

## Win a \$10 Bill Credit

**C**orrectly complete the following questions and mail the completed form with your telephone bill before the due date. Your name will be placed in a drawing for a \$10 bill credit. There will be four winners drawn in June. Last month's winners were Rita Phillips, Paul Ryterski, Dorothy Theismann, and Carlton Wiesner.

1. The Illinois \_\_\_\_\_ Service allows people who are deaf, hard-of-hearing, or speech disabled and use a TTY communicate with people who are hearing.
2. Spam messages account for more than \_\_\_\_\_ of email traffic worldwide.

Name \_\_\_\_\_ Telephone Number \_\_\_\_\_

## How to Reduce the Amount of Spam in your Inbox

**S**пам messages account for more than half of email traffic worldwide. Short of cutting yourself off from the Internet, there's no way to eliminate spam entirely. But there are steps you can take to reduce how much of it you see:

- Never respond to spam – if you recognize something as spam before you open it, don't open it. If you open it and then realize it is spam, close it. Do not click a link

or a button, or download a file from a message that you even remotely suspect is spam.

- Hide your email address- the more people who have your email address, the more spam you are going to get. So keep your address close to your chest. Don't publish it on the web unless absolutely necessary and use a different address for that purpose.
